3 The cost of the buildings proposed to
be constructed at the Pumping Stations is a legi-
timate charge against the Education Budget, as
the practical training to be given to the - -
students forms part of the Educational programme.
As all the available savings on the current
Public Works Budget will be required to meet the
additional grants required for the Cauvery Reser-
voir works, it will not be possible to provide
for any other works by reappropriation.

(1) were six students being sent to
these places every year? (2) Are these buildings
required permanently? (3) Could some other
existing building ~~be~~ used for the purpose?
(4) The cost of the buildings seems to be unnecessary
high. (5) Cannot ^{one} dining room with a
partition do instead of two dining rooms?
Two dining rooms for six students seems to
be unnecessary. (6) The latrine is estimated to
cost 100 or 500 Rs. - Is this amount not
susceptible of reduction? (7) These students are
paid liberal subsistence allowance for staying
at these places. (8) It is presumed that suitable
rent will be recovered from them if quarters are

Serial
No.

Constructed & ~~now is~~ (a) Regarding the source from which the cost is to be met, information has to be obtained as to how much has been appropriated for buildings to be constructed this year, out of the grant for V-S Buildings. It is only if there is a surplus left over after allowing for such amounts, that this provision can be utilised as indicated by the Lg. graduation.

Per VI)

he.
21.11.15

12 Eou file 17-14 (serials 35 & 36) is put up from which it will be seen that the superintendent allows granted to the student while at Belthamangala & Eldewanhalli is only Rs. 12 per mensem and it is a matter for consideration whether this allowance could admit of rent being paid ^{by} the students for quarters proposed to be constructed.

13 So long as practical training is considered necessary for the students of the Mech. Eng. school, Bangalore, at ~~these~~ ^{proposed} the places where buildings are to be constructed, the scheme of sending students hither will be more permanent.

It is to be presumed that because

(1).

Six Students are to be sent every year and the number may increase.

(2).

The buildings are required so long as the Mechanical Engineering School exists and it may be taken for granted that the School is a permanent institution.

(3).

It is reported that no other building is available in these places.

(4).

The designs of the proposed buildings are simple and there appears to be no room for any reduction in expenditure.

(5).

The dining rooms measure 12' x 10' each and are consequently too small to be partitioned. Moreover two dining rooms are necessary as the students may not all belong to one Sect.

(6).

Perhaps the Department of Public Works may ^{be} able to reduce the estimate.

(7) & (8).

The allowance of Rs. 12/- a month granted to them being hardly sufficient for their subsistence, they will not be able to pay any rent.

No 558
11.12.15

Serial

The queries. Query (6) ^{is} left
to be answered by the S.W.D.

If considered necessary that
Dept. may be consulted U.O.

17/12 ^{ad} Off. sanct. is in the file.
The estimates are ^{for a little over} ~~roughly~~ Rs 10,000
and a reduction of one or two hundred
rupees bears a very small proportion
to the total cost of the works. In course
of construction a reduction is possible
as is very often the case, the same will
certainly be made. As the objections of
the Financial Branch have been met
by the S.G. P.S. may the estimates
sub? for the construction of quarters of
the Meets. Sup. students be sanctioned?

Draft already put up & resub?

21 The S.G. P.S. has
17-12-75 answered most of the queries

but by the Revenue Branch.

I think the draft in the file
may be approved.

No. 5778 Enc. 6 { 2 Estimates
27ra 240
1 Report Bangalore,
1 Copy of docket.
257(a) 6

21st September 1915.

From

Rao Bahadur

M. SHAMA RAO, Esq., M.A.,

Inspector-General of Education in Mysore.

To

..... P. G. D'SOUZA Esq., B.A., B.L.,
Secretary to the Government of H. H. the Maharaja of Mysore,
..Education and Agricultural..Departments.

SIR,

I have the honour to forward herewith copy of letter No. 7530 dated 10th instant, from the Superintending Engineer, Southern Circle, together with the plans and the estimates amounting to Rs. 5300 and Rs. 4813, respectively, for the construction of a block of buildings for the accommodation of the students of the Mechanical Engineering school during their practical training at Betamangala and Soladevanahalli. It is stated that the students can find no accommodation whatsoever at these places and it is necessary to construct the blocks as early as possible since they will have to be sent there early in July next. I request that Government may be pleased to sanction the construction of ^{the} block of buildings at the above mentioned places as per plan and estimate sent herewith, the cost being met from the funds of the Public Works Department Budget.

I have the honour to be,

Sir,

Your most obedient servant,

M. Shama Rao,

Inspector General.

Letter No.7530/No.E.IV-II.J. dated 10th September 1915
from the Superintending Engineer, Southern Circle, to the Inspector
General of Education in Mysore, Bangalore.

Adverting to correspondence ending with your No.3347/78 dated
21-8-1915, on the subject of constructing Students' Home at Bethu-
mangala and Soldevanahalli Pumping Stations for the use of the
students of the Mechanical Engineering School at Bangalore, I have
the honour to inform you that there are at present no quarters
available in those places to provide accommodation to the students
next year and to request therefore that the Government may kindly
be moved in the matter, if the students have to be sent there at
all. It is now too early to apply to the Government as we have
hardly got more than 3 or 4 months ahead of us and the students
can find no accommodation whatsoever at these places. It is
therefore absolutely necessary that this question must be taken
up now only without loss of time.

II. The Estimates with their connected plans and report are
also herewith enclosed.
